- \$11.1 billion a year to educate the children of illegal aliens
- \$2.9 billion a year on unreimbursed health care for illegal aliens
- \$3.2 billion a year on criminal justice activities for illegal aliens
- \$1.6 billion a year on welfare for illegal aliens
- \$2.9 billion a year for additional state/local operating costs
- \$2,438 annual cost to each of California's native-born headed households

About FAIR

The Federation for American Immigration Reform (FAIR) advocates for immigration policies that serve broad national interests, not special interests. For over 30 years, FAIR has been regarded as the most credible source for immigration issue analysis and comment by members of Congress and virtually every media organization in the country. Our staff is available to provide timely and accurate perspective on any aspect of the ongoing immigration debate.
